17:15-20:30: Cocktail buffet
... in the CTP’s industrial building, at the heart of its laboratories and pilots!
Objectives

The CTP Meeting, taking place on October 6th 2020, is designed for industrial firms in the pulp, paper and board sectors, printers, converters and suppliers!

The concrete examples presented will reflect the creativity and inventiveness of the CTP, and its ability to bring scientific projects to industrial and economic fruition. The Innovation & Research Division will also set out the broad outlines of the CTP's future. This third CTP Meeting will also mark the official inauguration of the MALICS platform and its associated projects, which focus on developing innovative lignocellulosic packaging that is functional, resource-efficient and enhanced with new properties in line with consumers' expectations.

This is an event you cannot afford to miss if you are looking to make new contacts and meet our experts and industrial partners, to fast-track your development.

Organisation

Registration: Day organised by the CTP.

CTP’s Contact: Gaëlle Parret
Domaine Universitaire – CS 90251
